

Hottest Decorating Trends of 2016

By Michelle Ullman
Bedroom Expert

It's a new year, and while that doesn't mean you have to do away with everything old, it DOES mean that it's a great chance to update your look, your lifestyle and your living quarters. So why not take the opportunity to add a little bit of fresh style to your bedroom? Here are seven trends decorators predict will be hot in 2016.

Top designer and 5-time Emmy award winner [Cathy Hobbs](#) predicts a continuation of the "back to nature" movement when it comes to home decor. Elements such as reclaimed or salvaged woods and recycled materials will continue to be relevant. But in 2016, think beyond reclaimed wood for your furniture or flooring... why not use it on the ceiling or walls instead?
